

Press Release

Dent Neurologic Institute Partners with Anodyne Health

Atlanta, GA. – May 7, 2009 – Anodyne Health, a leading provider of revenue cycle management solutions for the healthcare industry, announced that its business intelligence (BI) solutions will be implemented at Dent Neurologic Institute, a private practice group focused on neurologic specialties, located in New York. Dent Neurologic Institute selected Anodyne's BI solutions for their ability to quickly present relevant and accurate revenue cycle data.

Dent Neurologic Institute employs over 25 providers who supply comprehensive care in all neurology sub-specialties at 2 different locations. Their well-trained staff uses the latest technology and treatments to make sure that their communities receive the highest quality of care. "Dent Neurologic Institute is the largest outpatient neurology group in the U.S. We currently generate reports for over 100,000 annual visits. As a group we continue to grow substantially. With the down turning economy, there are many unknowns. To ensure our continued growth during these hard economic times, we need to be extremely efficient in managing our revenue cycle data. With Anodyne's solutions in place, we will be able to quickly identify and address financial opportunities," stated Joe Fritz, Executive Director at Dent Neurologic Institute.

"By utilizing Anodyne Analytics™, Dent Neurologic Institute will be able to more quickly identify revenue cycle opportunities across their organization. This will help drive increased cash, as well as a far greater command over the myriad drivers that impact financial performance", commented Michael Funk, CEO of Anodyne Health. "We are very excited about beginning a business relationship with such a respected physician organization."

About Anodyne Health

Anodyne Health (www.anodynehealth.com) delivers revenue cycle solutions to healthcare provider organizations including physician billing, medical coding, and business intelligence software. The company's billing solution helps practices collect more revenue, minimize compliance risk, and gain a deeper understanding into the business side of their practice. Anodyne's unique, easy-to-use, web-based business intelligence software revolutionizes access to revenue cycle information that was once thought difficult, or even impossible, to obtain.
