Gonzaba Medical Group Selects Anodyne Health

Atlanta, GA. – May 29, 2009 – Anodyne Health, a leading provider of revenue cycle management solutions for the healthcare industry, announced today that its business intelligence (BI) solutions will be implemented at Gonzaba Medical Group, located in Texas. By utilizing Anodyne's analytics tools, Gonzaba Medical Group will have unparalleled visibility into all areas of their revenue cycle allowing them to manage their organization more effectively.

Gonzaba Medical Group employs over 60 providers at 4 different locations throughout the San Antonio area. Their services include routine care, physical medicine and rehab, laboratory services, disease management, radiology services, physicals, acute/chronic illnesses, patient education, and urgent care.

"We are very excited about having this management system from Anodyne because it will provide us with timely and relevant dashboard data. This data will give us the ability to zero in on precisely the parts of the business that need attention, and to monitor and review financial targets and key performance indicators. This will enable us to set priorities and work as a team to achieve Gonzaba Medical Group's stated goals. We firmly believe that one cannot manage what one cannot measure," stated Dr. William Gonzaba, Chief Executive Officer of Gonzaba Medical Group.

"As a result of implementing Anodyne's BI solutions, Gonzaba Medical Group will significantly compress their analytical cycle and put powerful analysis tools in the hands of their management team," commented Michael Funk, Chief Executive Officer of Anodyne Health. "We are confident that Gonzaba Medical Group will experience improved business results allowing them achieve their organization's goals. We look forward to working with such a distinguished medical group."
