

Press Release

Michigan Heart Selects Anodyne Health

Atlanta, GA. – June 4, 2008 – Anodyne Health, a leading provider in healthcare revenue cycle management solutions for the healthcare industry, announced that its business intelligence (BI) solutions will be implemented at Michigan Heart, a leader in comprehensive cardiovascular care. Michigan Heart selected Anodyne's BI solutions for their ability to quickly produce actionable revenue cycle information.

Headquartered in Ann Arbor, Michigan Heart has eight locations and has been providing the highest quality care to the community of Southeastern Michigan for over forty years. Its 37 physicians offer patients a wide range of expertise covering all of the subspecialties of cardiovascular medicine. Mark Fairless, CFO of Michigan Heart said, "The depth and breadth of Anodyne Analytics™ is deeper and wider than anything I have found. It is very comprehensive. Anodyne's solutions allow me to quickly access data that usually took hours or days to obtain."

"Anodyne's cutting-edge BI solutions will allow Michigan Heart to analyze data in a matter of seconds," commented Michael Funk, CEO of Anodyne Health. "With comprehensive, pre-tailored views and content, our data analysis toolset will help take this practice to an entirely new level of understanding."

About Anodyne Health

Anodyne Health (www.anodynehealth.com) delivers revenue cycle solutions to healthcare provider organizations including physician billing, medical coding and business intelligence software. The company's billing solution helps practices collect more revenue, minimize compliance risk and gain a deeper understanding into the business side of their practice. Anodyne's unique, easy-to-use web-based business intelligence software revolutionizes access to revenue cycle information that was once thought difficult, or even impossible, to obtain.
